

SPRINT TWO PLAN

Designated Driver

Team Roles / Tasks

- Daniel Stansberry
- Anthony Nguyen
- Ali Alkaheli
- Zeno Mathew Nanonz
- Anjali Kanthilal
- Nisarg Tanna

Project Title: Designated Driver Service

Project Owner (Sponsor): Todd Anderson

Project Owner (in CS116): Daniel Stansberry

Scrum Masters (Sprint 2): Anthony Nguyen

Sprint 2 Start Date: 2/6/18

Sprint 2 Completion Date: 2/21/18

GOAL: Developers need to fully understand the architecture and software needed before starting development. Additionally, the basic skeleton of the application should be completed.

- ★ **USER STORY 1: (5)** As a Front-End Developer, I want to securely login and sign up.
 - Task 1: Create a Log In function on the main page.
 - Task 2: Create a Sign Up function on the main page.
- ★ **USER STORY: (8)** As a Front-End Developer, I want a Home and About page to understand the service.
 - Task 3: Create About page to inform users about the service.
 - Task 4: Create Home page for user interaction
- ★ **USER STORY: (5)** As a Front-End Developer, I want to create the maps layout for the main page.
 - Task 5: Integrate Map API into the Home page so user can view location.
- ★ **USER STORY: (3)** As a Front-End Developer, I want to create the request page so that the user can request a ride.
 - Task 6: Create the Request page to collect information about the ride.

Task Listing:

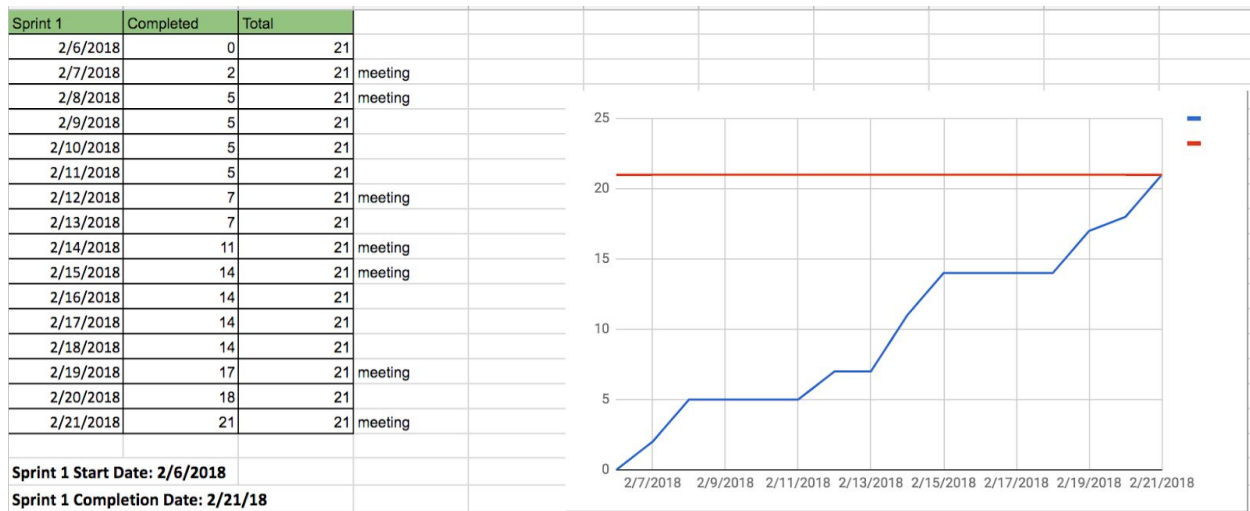

- Create a Log In
- Create a Sign Up

- Create About page UI
- Create Home page UI
- Create Request page UI
