## **SPRINT ONE PLAN**

Designated Driver

### Team Roles / Tasks

- Anthony Nguyen (Sprint Master)
- Ali Alkaheli (Developer)
- Zeno Mathew Nanon (Developer)
- David Ip (Developer)
- Katerina Chinnappan (Developer)
- Oscar Castro (Developer)

Project Title: Designated Driver Service

Project Owner (Sponsor): Todd Anderson

Project Owner (in CS116): Ali Alkaheli

Scrum Masters (Sprint 1): Anthony Nguyen

Sprint 1 Start Date: 04.10.2018

Sprint 1 Completion Date: 04.24.2018

GOAL: Implement the driver profile (driver sign up, profile and settings) and implement google payment method.

★ **USER STORY 1:** (3) As a Developer, I want to add the google payment method and successfully make a payment.

- Task 1: Read Learning-resource and other documentation on how to implement google payments
- Task 2: Dummy payment data
- Task 3: Add real payment method

★ **USER STORY 2:** (5) As a Front-End Developer, I want to set up the driver profile.

- Task 4: Create a driver profile sign up option
- Task 5: Create driver separate settings
- Task 6: Create the driver profile & info

### Task Listing:

- Create dummy payment data
- Create google payment
- Understand product [release plan]
- Create driver sign up
- Create driver profile
- Create driver settings

### Initial Task Assignment:
